November 9, 2011

To the Board of Commissioners  
Plainfield Township Park District

The Comprehensive Annual Financial Report of the Plainfield Township Park District (the Park District) for the fiscal year ended June 30, 2011, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Park District. We believe the enclosed data, as presented, is accurate in all material aspects and reported in a manner designed to fairly set forth the financial position and results of the operation of the Park District as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain an understanding of the Park District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in three sections: introductory, financial, and statistical. The introductory section includes the table of contents, this transmittal letter, the Certificate of Achievement for Excellence in Financial Reporting for the fiscal year ended June 30, 2010, the District's organizational chart and a list of principal officials. The financial section includes the report of our independent certified public accountants, Management's Discussion and Analysis, the basic financial statements, the combining, individual fund and account group financial statements, schedules and required supplemental data. The statistical section includes selected financial and demographic information.

The Park District's financial statements have been audited by Selden Fox, LTD., a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Plainfield Township Park District for the fiscal year ended June 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditing firm concluded, based upon audit, that there was a reasonable basis for rendering an unqualified opinion that the Park District's financial statements for the fiscal year ended June 30, 2011 are fairly presented in conformity with GAAP (accounting principles generally accepted in the United States of America). The independent auditor's report is presented as the first component of the financial section of this report.

Administration Office  
23729 W. Ottawa • Plainfield, Illinois 60544  
(815) 436-8812 • FAX (815) 436-8935

Parks, Planning & Marketing Offices  
23805 W. Ottawa • Plainfield, Illinois 60544  
(815) 439-7940 • FAX (815) 436-0483

GAAP requires that the management of the Park District provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Park District's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Plainfield Township Park District**

The Plainfield Township Park District is a special unit of local government, empowered by the State of Illinois with separate tax levying power, including debt retirement. The Park District was chartered by voter referendum in 1966. The Park District is located approximately 40 miles southwest of the Chicago Loop in a high growth southwestern suburban area. The Park District's current population is estimated at 125,000. The District's boundaries in total comprise about 39.5 square miles or approximately 25,279 acres. The District has assumed responsibility for 1,311 acres of land. The District has developed 86 parks, offering a variety of amenities, including 63 playgrounds, 2 skate parks, 2 dog parks, 22 basketball courts, 26 pathways, four bike trails, and numerous sports fields for baseball, football, soccer, and softball. Facilities include an administration/recreation center, equestrian center, one outdoor pool, and one recreation center. The District utilizes both private and public facilities to provide indoor recreation programming space. The District serves all of the residents of Plainfield, a portion of the residents in Romeoville, the City of Joliet, the city of Crest Hill, Village of Bolingbrook, and a portion of the residents within both unincorporated Will and Kendall Counties.

The Park District is governed by a five member board of commissioners elected at large. Board members are elected on a non-partisan basis to six year terms. Policy making and legislative authority are vested in the Park Board, which among other things, are responsible for passing ordinances, adopting the budget, and the hiring of the District's executive director. The District's executive director is responsible for carrying out the policies and ordinances of the Park Board, for overseeing the daily operations of the District, and for hiring the department heads of the District's operating departments. All expenditures are reviewed and approved by the Board of Commissioners.

### **Economic Condition and Outlook**

Since the early-1990's, the Park District's population has grown significantly, primarily through residential development. The Village of Plainfield, City of Joliet, and Will County have entered into intergovernmental agreements and developer contribution ordinances regarding land for public recreation use to help serve the rapidly expanding population of the District. In 1991 the tax-cap legislation took affect, which removed the District's discretionary ability to raise taxes without voter approval. In November 2006, the District unsuccessfully sought a .05% property tax limiting rate increase through voter referendum, with a result of 41% in support of the referendum and 59% not in support of the referendum.

The economy entered a recession in 2008, with bank failures and mortgage foreclosures at an all time high. Housing development has slowed significantly in the District and is likely to remain flat for the next couple of years.

## **Major Initiatives**

Clow Stephens Community Park development was completed with the assistance of a \$400,000 OSLAD grant from IDNR. The project included a playground, shelter, restroom facility, dog park, fitness stations, and four soccer fields. The 106 acre site was donated to the District in 2004 by the Clow Stephens family.

The District completed the update to the Master Plan for the years 2010 through 2014.

The District began Phase II construction work of the DuPage River Trail for the ITEP funded project. Phase II included the installation of a path beginning at Riverview Park and extending to the North. Phase II also included the installation of a bridge at Riverview Park which will provide future connections to the DuPage River Trail.

The District purchased a two and one half acre parcel of land, located in the northwest quadrant of the District. The parcel houses a satellite maintenance facility, which services the north division of the District.

The District purchased a two acre parcel of land adjacent to Renwick Park.

The District awarded a contract to perform an A.D.A. compliance audit for the District's indoor and outdoor facilities. The audit will assist the District in preparing an A.D.A. transition plan.

The District is in its third year of its renewed three year intergovernmental agreement with the Bolingbrook Park District to provide special recreation services to residents of the District through the JBSRA (Joliet-Bolingbrook Special Recreation Association) thru December 31, 2011.

## **Park Improvements**

The District replaced the asphalt paths at Winding Creek and Golden Meadows and repaired a portion of the asphalt path at River Walk.

## **Financial Information**

### **Accounting Systems and Internal Controls**

The Park District uses a modified accrual basis of accounting for Governmental Funds, with revenues recorded when available and measurable and expenditures being recorded when the liability is incurred. Full accrual accounting is used for proprietary fund types.

The Park District's management is responsible for establishing and maintaining an internal control structure. The internal control system is designed to provide reasonable, but not absolute, assurance regarding safeguarding of assets against loss from unauthorized use or disposition, and the reliability of accounting financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived. The valuation of costs and benefits requires estimates and judgments by management designed to ensure that the assets of the Park District are protected from loss, theft, or misuse. Furthermore, management ensures that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles.

We believe that the current system of internal control existing with the Plainfield Township Park District provides reasonable assurance regarding the safeguarding of assets and the reliability of financial records.

### **Budgetary Controls**

The creation of the District's annual budget serves as the foundation for the District's financial planning and control. The Park Board is required to conduct a public hearing on the recommended budget and to adopt a final budget by September 30<sup>th</sup> of each fiscal year.

### **Purchasing Policies**

The District's purchasing policy provides staff with clear direction concerning purchasing and bidding for the Plainfield Park District. This policy helps to ensure that the District seeks at all times to procure goods and services in accordance with Illinois law and in a manner that is fair and equitable to all, while remaining fiscally responsible to its taxpayers.

### **Debt Administration**

In 2010, the District received a AA rating from Standard & Poor's in conjunction with its 2010 general obligation refunding park bonds issue. In 2009, District General Obligation Bonds received an upgraded rating from A to AA by Standard & Poor's, in conjunction with its 2009 G.O. Bond Issue.

## **Fund Balance**

The District carries forward approximately 50% of its property tax revenues received as its fund balance in all funds. This equates to all property tax revenues received in the second half of the fiscal year.

## **Certificate of Achievement**

The Plainfield Township Park District applied for and was awarded the Government Finance Officers Association of the United States and Canada (GFOA)'s Certificate of Achievement for Excellence in Financial Reporting for the fiscal year ended June 30, 2010. In order to be awarded a Certificate of Achievement, the District needed to prepared an easily readable and efficiently organized CAFR. This report needs to satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. It is our belief that the current CAFR meets the Certificate of Achievement Program's requirements and it will be submitted to the GFOA to determine its eligibility for a certificate for the 2010/11 fiscal year.

The preparation of this report could not have been accomplished without the assistance and services of the staff of the Finance Department and the various Department Directors. Credit would also like to given to the Board of Commissioners for their on-going support, which has lead to a sound financial position of the District.

Respectfully submitted,

Maureen F. Nugent  
Business Manager

## INDEPENDENT AUDITOR'S REPORT

Board of Commissioners  
Plainfield Township Park District  
Plainfield, Illinois

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of **Plainfield Township Park District, Illinois** as of and for the year ended June 30, 2011, which collectively comprise the Park District's basic financial statements and the statement of revenues, expenditures and changes in fund balances – budget and actual for major General and Special Revenue funds as listed in the table of contents. These financial statements are the responsibility of the Park District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Park District's internal control over financial reporting. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Plainfield Township Park District, Illinois, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, of those activities and funds and the budgetary comparison for the major General and Special Revenue Funds for the year ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and schedule of funding progress listed in the table of contents are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying financial information listed as supplementary information and other financial schedules in the accompanying table of contents are presented for purposes of additional analysis, and are not a required part of the basic financial statements of the Plainfield Township Park District, Illinois. Such information has been subjected to the auditing procedures applied in the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical information listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

*Selden Fox, Ltd.*

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**Plainfield Township Park District  
Management's Discussion and Analysis  
June 30, 2011**

The management of the Plainfield Township Park District (the "District") offers the readers of our financial statements the following narrative discussion and analysis of our financial activities for the fiscal year ended June 30, 2011. This overview should be considered along with the financial information presented in the remainder of this report, including the supplementary and statistical information.

**Using the Financial Section of the Comprehensive Annual Report**

The District's Comprehensive Annual Financial Report (CAFR) financial statements present two kinds of statements, each with a different view of the District. The focus of the financial statements is on both the District as a whole (government-wide) and on the major individual funds of the District. Both perspectives allow the users of the financial statements to address relevant questions.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to private-sector business. The government-wide financial statements include the Statement of Net Assets and the Statement of Activities.

The Statement of Net Assets presents information on the assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net assets changed during the most recent fiscal year. It is focused on both the gross and net cost of various programs and activities, which are supported by the District's general taxes and other sources. This is intended to simplify and summarize the user's ability to analyze the cost of the District's governmental activities.

The government-wide financial statements can be found on pages 11-13 of this report.

**Fund Financial Statements**

The focus of the Fund Financial Statements is on Major Funds.

**Governmental Funds.** The Governmental Funds presentation is designed to show the sources and uses of liquid resources. This is the manner in which the budget is typically developed. Governmental funds provide a current resource (short-term) view which helps to determine whether there are more or fewer current financial resources available to spend for District operations.

Proprietary funds account for services that are generally fully supported by user fees charged to customers. Proprietary funds are presented on a total economic resources basis. Proprietary fund statements, like government-wide statements, provide both short and long-term financial information.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains fifteen individual governmental funds. The General, Recreation, Special Recreation, Debt Service, and Capital Project funds are all considered to be "major" funds. Data from the other ten governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found of pages 14-21 of this report.

**Proprietary Fund.** The District maintains one proprietary fund, which is utilized to account for recreation services that are provided at the seasonally operated Ottawa Street Pool.

The basic proprietary fund financial statements can be found on pages 22-24 of this report.

**Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25-39 of this report.

**Other Information**

The combining and individual fund financial statements and schedules of the non-major governmental funds are presented on pages 44-56 of this report.

**Statement of Net Assets:** The District's total net assets as of June 30, 2011 were \$78,730,730, of which \$86,756 was from business-type activities. Net assets increased \$1,110,115 over the prior year.

The following schedule presents the condensed statement of net assets as of June 30:

	Governmental Activities		Business-type Activities		Total	
	2011	2010	2011	2010	2011	2010
Current and other Assets	\$ 7,994,996	\$ 7,822,223	\$ 46,638	\$ 36,095	\$ 8,041,634	\$ 7,858,318
Capital assets	78,037,572	77,751,436	129,748	143,098	78,167,320	77,894,534
<b>Total assets</b>	<b>\$ 86,032,568</b>	<b>\$ 85,573,659</b>	<b>\$ 176,386</b>	<b>\$ 179,193</b>	<b>\$ 86,208,954</b>	<b>\$ 85,752,852</b>
Long-term liabilities	\$ 6,801,141	\$ 7,454,284	\$ -	\$ -	\$ 6,801,141	\$ 7,454,284
Other liabilities	587,453	597,896	89,630	80,057	677,083	677,953
<b>Total liabilities</b>	<b>\$ 7,388,594</b>	<b>\$ 8,052,180</b>	<b>\$ 89,630</b>	<b>\$ 80,057</b>	<b>\$ 7,478,224</b>	<b>\$ 8,132,237</b>
Net assets:						
Invested in capital assets, net of Debt	\$ 71,341,096	\$ 70,868,811	\$ 129,748	\$ 143,098	\$ 71,470,844	\$ 71,011,909
Restricted	934,608	916,754	-	-	934,608	916,754
Unrestricted	6,368,270	5,735,914	(42,992)	(43,962)	6,325,278	5,691,952
<b>Total net assets</b>	<b>\$ 78,643,974</b>	<b>\$ 77,521,479</b>	<b>\$ 86,756</b>	<b>\$ 99,136</b>	<b>\$ 78,730,730</b>	<b>\$ 77,620,615</b>

The two largest components of Current Assets are Cash and Property Taxes Receivable. Property Taxes Receivable amounted to \$2,669,753 which represents the amount of taxes levied for the 2010 tax year but were not fully received before the end of the fiscal year.

The District's Capital Assets consists of \$68,070,325 in non-depreciable assets (land), of which \$113,300 is for business type activities and \$67,957,025 is for governmental activities. Depreciable assets total \$10,096,995 (land improvements, buildings, machinery, and equipment), of which \$ 16,448 is for business type activities and \$ 10,080,547 is for governmental activities.

The District's Unrestricted Net Assets, the portion of net assets that can be used to finance daily operations, were \$6,325,278 at the end of the year of which business-type activities consisted of \$(42,992) and governmental activities were \$6,368,270.

For more detailed information see the Statement of Net Assets on page 11.

**Revenues:** The following chart shows the major sources of operating revenue for governmental activities for the year ended June 30, 2011

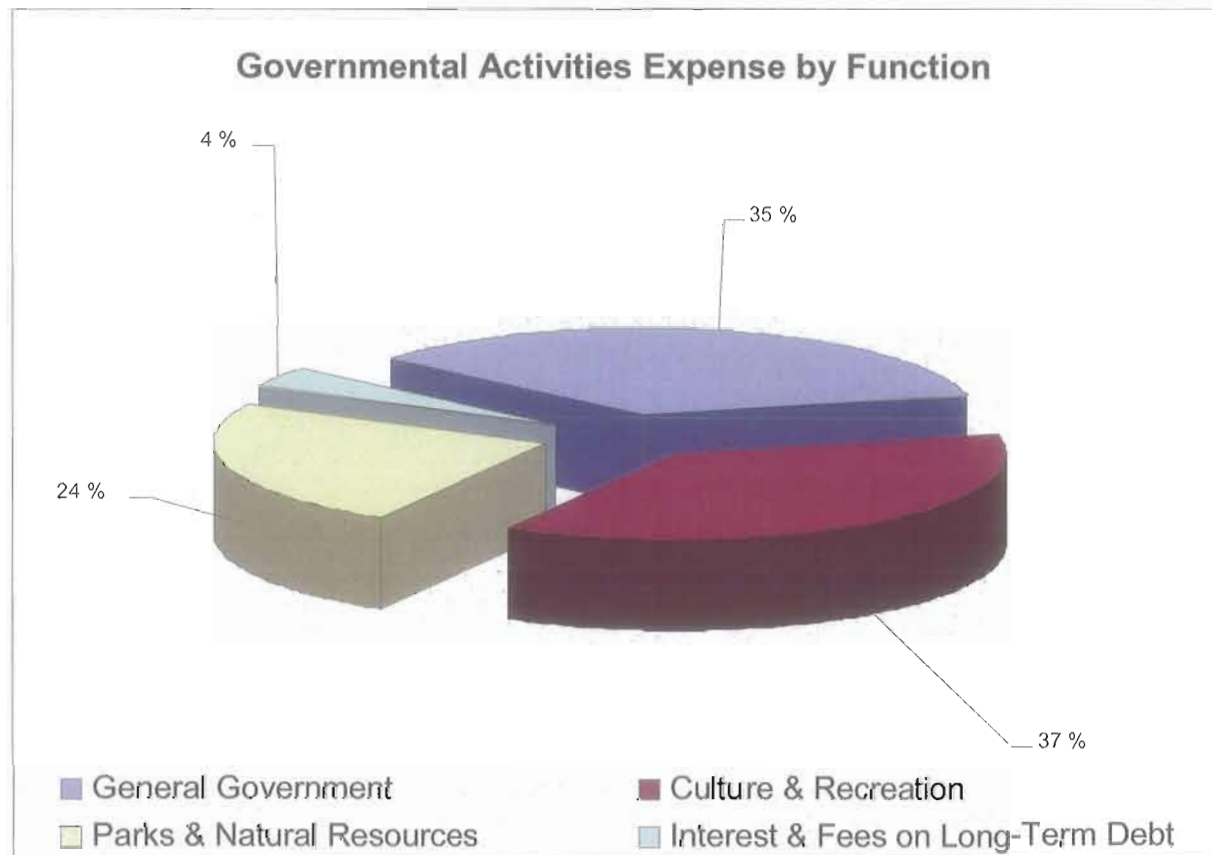

For the fiscal year ended June 30, 2011, governmental activities revenue totaled \$7,244,321. The Park District's largest source of governmental activities revenue came from property taxes, which accounted for \$5,278,077 or 73% of the District's governmental activities revenue. The second largest source of governmental activities revenue came from charges for services, which accounted for \$1,386,294 or 19% of the District's governmental activities revenue.

The revenue component in the charges for services revenue category comes primarily from \$1,363,419 in recreation program revenue in the Recreation Fund.

Business-type activity revenue totaled \$168,513 which was for charges for services for pool recreational activities.

## Expenses:

The following chart shows the major sources of operating expenses for governmental activities for the year ended June 30, 2011

For the fiscal year ended June 30, 2011, total governmental activities expenses were \$6,121,826. The largest component of this (37%) was for culture and recreation, which includes costs associated with providing recreation programming and services.

Business-type activity expenses totaled \$180,893, which were expenses related to the operation of the pool.

## Governmental Funds

Governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financial requirements. Fund balances in the governmental funds are classified in accordance with GASB Statement No. 54. Nonspendable fund balances include the Working Cash Fund fund balance and amounts intended to offset prepaid items. Fund balances committed within the Capital Projects Fund relate to unspent impact fees collected from sports groups to be used to repair/replace or develop non sports related areas adjacent to sporting fields. Fund balances committed in the Special Revenue Funds include an amount (\$150,000) set aside by the Board of Commissioners for future construction. Assigned fund balances represent the remaining fund balances in the Special Revenue, Debt Service and Capital Projects Funds, the use of which is restricted by the purpose of the fund. Governmental funds reported ending fund balances of \$4,600,829, which indicates an increase of \$546,665. The majority of the increase was recognized in the General and Recreation funds.

## Major Governmental Funds

The General, Recreation, Special Recreation, Debt Service, and Capital Project funds are the major governmental funds of the District. Due to the decline of the new housing market, cash in lieu revenues have decreased and the Park Donation Fund is no longer recognized as a major fund.

The General Fund balance as of June 30, 2011 was \$1,375,975, which was an increase of \$154,408 from the prior year. This is attributed to an increase in property taxes received from the budgeted amount and a decrease in expenditures from the budgeted amount in the General Fund.

The Recreation Fund balance as of June 30, 2011 was \$1,053,043 which was an increase of \$383,061 over the prior year. This is attributed to a \$172,310 increase in revenue over the prior fiscal year. Recreation program fees received increased 8%, from \$1,166,469 in 2010 to \$1,262,167 in 2011.

The Special Recreation Fund balance as of June 30, 2011 was \$299,772, which was a decrease of \$92,401 over the prior year. This is attributed to two capital projects that were not completed in fiscal year 2010, and re-budgeted and completed in fiscal year 2011, decreasing the cash balance and fund balance from 2010 to 2011.

The Capital Projects Fund balance as of June 30, 2011 was \$546,048, which was an increase of \$68,096. This increase is attributable to receiving \$650,000 in grant reimbursements in the current year in addition to \$155,326 in donations.

## General Fund Budgetary Highlights

The following schedule shows the actual revenues and expenditures of the General Fund in comparison to the original/final budget:

### General Fund Budgetary Highlights For the Fiscal Year Ended June 30, 2011

	<u>Original/Final Budget</u>	<u>Actual</u>
Revenues	\$ 2,271,413	\$ 2,320,289
Expenditures	2,576,095	2,165,881
Revenues over (under) expenditures	(304,682)	154,408
Net changes in fund balance	(304,682)	154,408

General Fund Revenues were \$48,876 more than the budget. This was attributable to receiving \$45,792 in property taxes over the budgeted amount. Fund expenses were \$410,214 less than the budget. Personnel expenses were \$29,936 less than budget; contractual services were \$99,276 less than budget, materials and supplies were \$35,248 less than budget; repairs and maintenance were \$218,720 less than budget (which includes \$188,000 in unused contingency funds).

## **Capital Assets**

The District's net capital assets – governmental activities increased by \$286,136. The District acquired three parcels of land in two subdivisions totaling 4.56 acres, valued at \$216,554, through the municipalities in the District's land/cash ordinances. The land/cash ordinance is the most significant source of additions to the District's land. The ordinance requires developers to provide park land or cash in lieu of land to the District based on a formula established by each municipality. Plainfield's land/cash ordinance currently requires 10 acres of land per 1000 residents or \$139,725 per acre in cash in lieu of land; Joliet's ordinance currently requires 7.5 acres of land per 1000 residents or \$86,583.

For more detailed information on capital assets, see page 34.

## **Long-Term Debt**

As of June 30, 2011 the District had a total of \$6,570,000 in debt outstanding which is in the form of general obligation bonds.

For more detailed information on the District's long-term debt, see pages 35-37.

## **Economic Factors**

The economy entered a recession in 2008 and property development throughout the District slowed drastically. The District's Equalized Assessed Valuation (EAV) for calendar year 2010 was 2,695,713,896, which represents a decrease of 7% over 2009. Since 1985, this is the first tax year in which The District's EAV has declined. The District's EAV has increased (decreased) at averages of -.39% and 11.46% over the last 3-year and 10-year periods, respectively. The Kendall County portion of the District's total EAV accounts for 5.7% of the District's total EAV. We anticipate a decrease in the District's total EAV for 2011 due to the anticipated decline in the assessed valuations of properties within the District and the decrease in new property growth.

The District's new property in 2010 was \$11,986,068; 2009 was \$33,129,789; 2008 was \$63,362,114. This represents a decrease of 63% from 2009 to 2010 in the District's new property growth portion of its total EAV. Over the last ten years, the average new property in the District was \$121,126,487. The decrease in the District new property is a direct result of the decline of the overall housing market. Residential property accounts for 85% of the District's total EAV. The population growth in the municipalities covered by the District boundaries (Bolingbrook, Crest Hill, Joliet, Plainfield, Romeoville, and Wheatland Township) has driven the demand for recreational services. We anticipate new residential property growth to continue its decrease in the 2011 tax year, due to the decline in the overall housing market.

## **Tax Rate**

Due to the growth in the District's Equalized Assessed Valuation over the past twenty years and the tax cap, the District's tax rate has eroded. The Park District's 2005 master plan benchmarked the District's tax rate and comparative amount of tax dollars spent per resident to twelve neighboring Park District's of similar demographics, and the Plainfield Park District ranks last in both.

## **Requests for Information**

This financial report is intended to provide our residents, investors, creditors and other interested parties with an overview of the finances of the Plainfield Township Park District and to demonstrate the District's accountability for the financial resources it receives. Questions concerning any information contained in this report may be directed to the Finance Department at 23729 W. Ottawa Street, Plainfield, Illinois 60544.

**Reconciliation of the Statement of Revenues, Expenditures**  
**and Changes in Fund Balances of Governmental Funds**  
**to the Statement of Activities**  
**For the Year Ended June 30, 2011**

---

Net changes in fund balances - total governmental funds (page 17)	\$ 546,665
Amounts reported for governmental activities in the statement of activities are different because:	
Depreciation of capital assets is not considered an expenditure in the fund financial statements.	(795,316)
Donations of capital assets are not considered revenue in the fund financial statements.	25,000
Purchases of capital assets are treated as an expenditure in the fund financial statements.	1,056,452
Grant income is not recognized in the fund financial statements until grant monies are received.	(460,571)
Property tax revenues in the statement of activities that do not provide current financial resources are reported as deferred property tax revenue in the fund financial statements.	102,375
The repayment of long-term debt (e.g., bonds) consumes current financial resources of governmental funds. This transaction does not have any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when the debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	658,848
Compensated absences are not considered an expenditure until paid in the fund financial statements.	<u>(10,958)</u>
<b>Changes in net assets of governmental activities (page 13)</b>	<b><u>\$ 1,122,495</u></b>

See accompanying notes.

## **Plainfield Township Park District, Illinois Notes to the Financial Statements**

---

### **I. Summary of Significant Accounting Policies**

The financial statements of Plainfield Township Park District, Illinois (Park District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Park District's significant accounting policies are described below.

#### **A. The Reporting Entity**

The Plainfield Township Park District, Will and Kendall Counties, Illinois is duly organized and existing under the provisions of the laws of the state of Illinois, and is operating under the provisions of the Park District Code of the State of Illinois, and all laws amendatory thereto. The Park District operates under the commissioner-director form of government, and provides a variety of recreational facilities, programs and services.

The Park District includes all funds of its governmental operations and its component units based on financial accountability. Financial accountability includes appointment of the organization's governing body, imposition of will, and fiscal dependency. The accompanying financial statements include only those funds of the Park District, as there are no other organizations for which it has financial accountability. No other governmental agency exercises oversight responsibility over the Park District. There are, however, numerous governmental agencies within the boundaries of the Park District, all of which elect their own governing Boards, levy their own taxes, possess their own bonding power, and generally operate independently of the Park District.

#### **B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**B. Government-wide and Fund Financial Statements (cont'd)**

The government reports the following major governmental funds:

**General Fund** – The General Fund is the general operating fund of the Park District. It is used to account for all financial resources except those required, legally or by sound financial management, to be accounted for in another fund.

**Recreation Fund** – This fund was established to account for the revenue and expenditures of the various recreation programs of the Park District. An annual tax levy in conjunction with program revenue is used to finance the fund.

**Special Recreation Fund** – This fund was established to account for the revenue and expenditures of the special recreation program of the Park District. An annual tax levy is used to finance the fund.

**Debt Service Fund** – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs that are not financed by proprietary funds.

**Capital Projects Fund** – The Capital Projects Fund accounts for financial resources acquired through bond issues and other sources which are to be used for improvements to existing park facilities and for the general upkeep of all parks within the Park District.

The government reports the following major proprietary fund:

**Ottawa Street Pool** – This fund is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the costs of providing recreational services to the general public are financed through user charges.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

**C. Measurement Focus, Basis of Accounting and Basis of Presentation**

In the government-wide and proprietary fund statement of net assets and statement of activities, both governmental and business-type activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**C. Measurement Focus, Basis of Accounting and Basis of Presentation (cont'd)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., both measurable and available to finance the Park District's operations). "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Property taxes, investment earnings, and charges for services are the primary revenue sources susceptible to accrual. The Park District considers property taxes available if they are due and collected within 60 days after year end. Class registration fees received by the Park District are recognized as revenue when the class starts. All other revenues are recognized when cash is received. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The Park District applies all applicable FASB pronouncements issued on or before November 30, 1989, which do not conflict with GASB pronouncements, in accounting and reporting for its enterprise fund.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services, and producing and delivering goods, in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Ottawa Street Pool are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**Use of Estimates** – The preparation of government-wide and proprietary fund financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**D. Assets, Liabilities and Net Assets or Equity**

**1. Deposits and Investments**

The Park District considers all highly liquid investments, with an initial maturity date within three months of the date acquired by the Park District, and investment pools to be cash. The Park District maintains a cash and investment pool that is available for use by all funds.

Statutes authorize the Park District to invest in the following:

- Bonds, notes, certificates of indebtedness, Treasury bills or other securities which are guaranteed by the full faith and credit of the United States as to principal and interest.
- Bonds, notes, debentures or similar obligations of the United States of America or its agencies.
- Savings accounts, certificates of deposit, time accounts, or other investments constituting direct obligations of a bank as defined by the Illinois Banking Act. Securities legally issuable by savings and loan associations incorporated under the laws of any state of the United States. Share accounts and share certificates of a credit union chartered under the laws of the state of Illinois or United States of America, provided the principal office of the credit union is located within the state of Illinois. Short-term discount obligations of the Federal National Mortgage Association (FNMA). Investments may be made only in financial institutions which are insured by either the Federal Deposit Insurance Corporation or other applicable law for credit unions.
- Short-term obligations (maturing within 180 days of date of purchase) of corporations with assets exceeding five hundred million dollars (\$500,000,000). Such obligations must be rated, at the time of purchase, at one of the three highest classifications established by at least two standard rating services. This type of obligation is limited to one-third of the Park District's funds available for investment, and cannot exceed 10% of the corporation's outstanding obligation.
- Money market mutual funds registered under the Investment Company Act of 1940 which invest only in bonds, notes, certificates of indebtedness, Treasury bills, and other securities which are guaranteed by the full faith and credit of the United States of America as to principal and interest and agrees to repurchase such obligations. In addition, the Park District may also invest in a fund managed, operated and administered by a bank.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**D. Assets, Liabilities and Net Assets or Equity (cont'd)**

**1. Deposits and Investments (cont'd)**

- Repurchase agreements of government securities subject to The Government Securities Act of 1986.
- Illinois Funds Investment Pool managed by the Office of the Treasurer of the State of Illinois, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the Securities and Exchange Commission as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price.

Investment income has been allocated to each fund based on investments held by the fund.

**2. Receivables and Payables**

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (the current portion of interfund loans), or "advances to/from other funds" (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds are offset by a fund balance reserve account to indicate they are not available for appropriation, and are not expendable available resources. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

The Park District's property taxes are required to be levied by ordinance. A certified copy of the tax levy ordinance must be filed with the county clerk not later than the last Tuesday in December of each year. The Park District's property tax is levied each year on all taxable real property located in the Park District. The levy becomes an enforceable lien against the property as of January 1 immediately following the levy year.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**D. Assets, Liabilities and Net Assets or Equity (cont'd)**

**2. Receivables and Payables (cont'd)**

Property taxes are collected by the Will and Kendall County Collectors, which remit to the Park District its share of collections. Taxes levied in one year become due and payable in two installments on approximately June 1, and September 1 during the following year. The first installment is one-half of the current year's levy, assessment and equalization, and the second installment is the balance.

Property taxes are based on the assessed valuation of the Park District's real property, as equalized by the state of Illinois. The equalized assessed valuation of real property totaled \$2,695,713,896 for the calendar year 2010. Based upon a collection history of over 99%, the Park District has not provided an allowance for uncollectible property taxes. Any uncollected taxes relating to prior years' levies have been written off.

**3. Prepaid Expenses/Items**

Payments made to vendors for services that will benefit a period beyond June 30, 2011 are recorded as prepaid expenses/items. Prepaid items are offset by a reserve of fund balance.

**4. Capital Assets**

Capital assets, which include property, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. The Park District defines capital assets as assets with an initial cost of more than \$5,000 and an estimated life in excess of one year. Such assets are recorded at cost, or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets being constructed.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**D. Assets, Liabilities and Net Assets or Equity (cont'd)**

**4. Capital Assets (cont'd)**

Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Prior estimated useful lives were reevaluated in conjunction with the implementation of GASB 34 on July 1, 2003, resulting in the following estimated useful lives:

Parks	18 years
Buildings	50 years
Equipment	5 years
Land improvements	15 to 30 years
Large scale construction Improvements	25 years
Furniture and fixtures	10 to 15 years
	5 years

**5. Long-term Obligations**

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium or discount. Bond issuance costs are reported as deferred charges, and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Debt principal payments of governmental funds are recognized when paid.

**6. Compensated Absences**

It is the Park District's policy to permit employees to accumulate earned but unused vacation benefits. Vacation pay is accrued when earned in the government-wide and proprietary financial statements. A liability is reported for these amounts in governmental funds only if they have matured, for example, as a result of employee resignations or terminations. Payments for compensated absences are made by the governmental funds for which the eligible employee salary is reported. Compensated absences are reported as a current liability in the government-wide financial statements as earned balances over five days are forfeited if not used within one year.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**I. Summary of Significant Accounting Policies (cont'd)**

**D. Assets, Liabilities and Net Assets or Equity (cont'd)**

**7. Deferred Property Tax Revenue**

Property tax revenues are recorded on the “deferred method.” Because of the extraordinarily long period of time between the levy date and the receipt of tax distributions from the county collector, property taxes are not “available” to finance the current year’s expenditures. For those funds on the modified accrual basis of accounting, the current year’s tax levy is recorded as property taxes receivable and deferred tax revenue.

**8. Fund Equity**

In the fund financial statements, governmental funds report fund balance as either nonspendable or spendable. Spendable fund balance is further classified as restricted, committed, assigned or unassigned, based on the relative strength of the constraints that control how specific amounts can be spent. The Park District’s fund balances have the following restrictions, commitment and assignments:

**Individual Fund Restrictions, Commitments and Assignments:**

**Special Revenue Funds** – A portion of the fund balance is considered nonspendable fund balance. The nonspendable portion of the fund balance is intended as an offset to prepaid items totaling \$5,880.

A portion of the fund balance is considered committed fund balance. The Park District has committed \$150,060 for capital asset reserves.

**Capital Projects Fund** – The Park District has committed \$81,026 of unspent impact fees for the repair of areas adjacent to sports fields.

All other special revenue, debt service and capital projects fund balances are considered assigned for the purposes of their respective funds.

**Permanent Fund** – The Park District maintains a Working Cash Fund, the fund balance of which is nonspendable and is available for short term cash needs of the other funds, on a reimbursement basis.

**II. Stewardship, Compliance and Accountability**

**A. Budgetary Information**

The Park District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Board of Commissioners adopts a Budget Ordinance, which serves as an operating budget.
2. Budget hearings are conducted.
3. The budget is legally enacted through passage of an ordinance.
4. The budget may be amended by the Board of Commissioners.

**Plainfield Township Park District, Illinois  
Notes to the Financial Statements (cont'd)**

---

**II. Stewardship, Compliance and Accountability (cont'd)**

**A. Budgetary Information (cont'd)**

Budgetary information for individual funds is prepared on the cash basis of accounting, which differs from the modified accrual basis used in the fund financial statements. Under the cash basis of accounting, revenues are recognized when collected and expenditures are recognized when paid, and only assets, liabilities, and fund balance arising from cash transactions are recognized. The differences between the cash basis and modified accrual basis are immaterial for budgetary purposes.

The budget is prepared in accordance with the Illinois Park District Code, and is derived from the combined annual budget and appropriation ordinance of the Park District. Working budgets are prepared for all governmental and proprietary fund types. All budgets are prepared based on the annual fiscal year of the Park District. Budgetary funds are controlled by an integrated budgetary accounting system in accordance, where applicable, with various legal requirements which govern the Park District. All appropriations lapse at year end.

Expenditures may not exceed budget at the fund level, which is the legal level of budgetary control. An annual budget is not adopted for the Working Cash Fund.

**B. Reconciliation of Government-wide and Fund Financial Statements**

The governmental fund statement of revenues, expenditures and changes in fund balances is reconciled to the statement of activities at page 18 of this report. One element of that reconciliation explains "The repayment of long-term debt (e.g. bonds) consumes current financial resources of governmental funds. This transaction does not have any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when the debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$658,847 difference are as follows:

Principal repayments on general obligation debt and payment to escrow agent for refunding	\$ 660,000
Less amortization of bond premium and issue costs	<u>(1,152)</u>
	<u>\$ 658,848</u>

**III. Detailed Notes For All Funds**

**A. Deposits**

At June 30, 2011, the carrying amount of the District's deposits was \$5,062,366 which includes an \$800 change fund held at the Park District, and the bank balance was \$5,061,750. All amounts were covered by FDIC insurance, or were collateralized with securities held by the pledging institution's trust department or agent in the Park District's name.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

**III. Detailed Notes For All Funds (cont'd)**

**A. Deposits (cont'd)**

**Credit Risk** – Generally, credit risk is the risk that an issuer of a debt type instrument will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. The Park District did not invest in debt-type instruments for the year ended June 30, 2011.

**Interest Rate Risk** – The Park District manages its exposure to declines in fair value by limiting the maturity of its investment portfolio.

**Custodial Credit Risk – Deposits** – This is the risk that in the event of a bank failure, the Park District's deposits may not be returned. In accordance with its investment policy, all Park District deposits with financial institutions are fully insured or collateralized.

**B. Capital Assets**

	Balance July 1, 2010	Additions	Dispositions	Balance June 30, 2011

**Notes to the Financial Statements (cont'd)**

**III. Detailed Notes For All Funds (cont'd)**

**B. Capital Assets (cont'd)**

A summary of changes in the capital assets of the proprietary fund for the year ended June 30, 2011 is as follows:

	Balance July 1, 2010	Additions	Dispositions	Balance June 30, 2011
Capital assets not being depreciated - land	\$ 113,300	\$ -	\$ -	\$ 113,300
Capital assets being depreciated:				
Furniture and fixtures	110,090	-	-	110,090
Buildings and improvements	825,828	-	-	825,828
	<u>935,918</u>	<u>-</u>	<u>-</u>	<u>935,918</u>
Accumulated depreciation:				
Furniture and fixtures	(102,720)	(3,845)	-	(106,565)
Buildings and improvements	(803,400)	(9,505)	-	(812,905)
<b>Total accumulated depreciation</b>	<u>(906,120)</u>	<u>(13,350)</u>	<u>-</u>	<u>(919,470)</u>
<b>Total capital assets being depreciated, net</b>	<u>29,798</u>	<u>(13,350)</u>	<u>-</u>	<u>16,448</u>
<b>Business-type activities' net capital assets</b>	<u>\$ 143,098</u>	<u>\$ (13,350)</u>	<u>\$ -</u>	<u>\$ 129,748</u>

Depreciation expense related to capital assets used in governmental activities was charged to culture and recreation, and depreciation expense related to business-type activities was charged to the pool.

Plainfield Township Park District is currently leasing property at 217 Main Street, Plainfield, Illinois, from the Plainfield Historical Society. The annual lease payment is \$1; however, the fair market rental of the property cannot be reasonably determined.

**C. Long-term Debt**

The Park District issues general obligation bonds to provide funds for the acquisition or construction of parks or other capital facilities.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

**III. Detailed Notes For All Funds (cont'd)**

**C. Long-term Debt (cont'd)**

General obligation bonds payable at June 30, 2011 are comprised of the following individual issues:

	Balance July 1, 2010	Additions	Retirements	Balance June 30, 2011
\$2,120,000 1999 General Obligation Limited Tax Park Bonds, due in annual installments varying from \$35,000 to \$60,000 through December 30, 2018; interest payable biannually, at rates varying from 4.875% to 5.25%.	\$ 435,000	\$ -	\$ (40,000)	\$ 395,000

**III. Detailed Notes For All Funds (cont'd)**

**C. Long-term Debt (cont'd)**

**Advance Refunding** – In 2010, the Park District advance refunded \$4,125,000 of outstanding Series 2000 General Obligation Bonds. The net advance refunding proceeds of \$4,320,170 was placed in an irrevocable trust with an escrow agent to provide all future debt service payments on the bonds, and the Series 2000 General Obligation Bonds were considered to be defeased. The bonds were then paid off from the balance on hand in the escrow account at the early redemption date of December 30, 2010.

The following is a summary of long-term liability transactions of the Park District for the year ended June 30, 2011:

	July 1, 2010	Additions	Reductions	June 30, 2011	Due Within One Year
General obligation bonds	\$ 7,230,000	\$ -	\$ (660,000)	\$ 6,570,000	\$ 620,000
Bond premium	130,577	-	(4,101)	126,476	14,176
Compensated absences	93,707	123,348	(112,390)	104,665	104,665
	<u>\$ 7,454,284</u>	<u>\$ 123,348</u>	<u>\$ (776,491)</u>	<u>\$ 6,801,141</u>	<u>\$ 738,841</u>

**IV. Other Information**

**A. Employee Retirement Plan**

**Plan Description** – The Park District’s defined benefit pension plan for Regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan member and beneficiaries. The Park District plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at [www.imrf.org](http://www.imrf.org).

**Funding Policy** – As set by statute, the Park District’s Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires the Park District to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2010 was 10.90 percent of annual covered payroll. The Park District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contributions rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

**Plainfield Township Park District, Illinois  
Notes to the Financial Statements (cont'd)**

**IV. Other Information (cont'd)**

**A. Employee Retirement Plan (cont'd)**

**Annual Pension Cost** – For 2011, the Park District's annual pension cost of \$226,412 for the Regular plan was equal to the Park District's required and actual contributions.

**Three-Year Trend Information for the Regular Plan**

Actuarial Valuation Date	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/11	\$ 226,412	100 %	\$ 0
6/30/10	213,426	100	0
6/30/09	213,403	100	0

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the Park District's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The Park District's Regular plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open 30 year basis.

**Funded Status and Funding Progress** – As of December 31, 2010, the most recent actuarial valuation date, the Regular plan was 67.49 percent funded. The actuarial accrued liability for benefits was \$4,044,156 and the actuarial value of assets was \$2,729,595, resulting in an underfunded actuarial accrued liability (UAAL) of \$1,314,561. The covered payroll (annual payroll of active employees covered by the plan) was \$2,106,911 and the ratio of the UAAL to the covered payroll was 62 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**Plainfield Township Park District, Illinois**  
**Notes to the Financial Statements (cont'd)**

---

**IV. Other Information (cont'd)**

**B. Risk Management**

The Park District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The Park District has purchased commercial insurance to cover all risks of loss related to general liability, auto liability, property damage, theft and workers' compensation. For all programs, settlement amounts have not exceeded insurance in the current of three prior years.

**C. Joint Venture – Special Recreation Association**

The Park District has entered into a joint agreement with Bolingbrook Park District to provide cooperative recreational programs and other activities for handicapped and impaired individuals. The Park District contributed \$114,418 to the Association in the current year. Upon dissolution of the Association, the assets, if any, shall be divided among the members as determined by the Board of Directors of the Association. A complete separate financial statement for the Association can be obtained from the Bolingbrook Park District's administrative office.

**D. Deferred Compensation Plan**

The Park District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time Park District employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The Park District's deferred compensation plan is in a trust through its administrators.

**E. Commitments**

As of the year ended June 30, 2011, the Park District had contractual commitments for projects outstanding of \$676,843. Of this amount, \$531,450 will be paid for by grant awards and \$145,393 represents the Park District's share of the obligation.

**REQUIRED SUPPLEMENTARY INFORMATION**

**Plainfield Township Park District, Illinois  
 Illinois Municipal Retirement Fund  
 Required Supplementary Information  
 Schedule of Funding Progress  
 June 30, 2011**

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL) - Entry Age	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
12/31/10	\$ 2,729,595	\$ 4,044,156	\$ 1,314,561	67.49 %	\$ 2,106,911	62.39 %
12/31/09	2,440,350	3,397,440	957,090	71.83	2,043,987	46.82
12/31/08	2,149,479	3,063,736	914,257	70.16	2,037,592	44.87
12/31/07	2,356,591	2,921,927	565,336	80.65	1,823,124	31.01
12/31/06	1,947,410	2,510,784	563,374	77.56	1,705,930	33.02
12/31/05	1,616,154	2,101,980	485,826	76.89	1,446,174	33.59

On a market value basis, the actuarial value of assets as of December 31, 2010 is \$2,876,467.  
 On a market basis, the funded ratio would be 71.13%.

See independent auditor's report.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS**

**Museum Fund** – This fund was established to account for the revenue and expenditures of the museum. An annual tax levy in conjunction with the museum is used to finance the fund.

**Unemployment Compensation Fund** – This fund accounts for the revenues of taxes levied and related expenditures for employer payments for unemployment compensation.

**Social Security Fund** – This fund accounts for the revenue of taxes levied and related expenditures for employer payments for Social Security withholdings.

**Liability Insurance Fund** – This fund was established to account for the revenue and expenditures of an annual property tax levy for the payment of premiums of public liability insurance carried by the Park District.

**Audit Fund** – This fund was established to account for the revenue of taxes levied for payment of the cost of the annual audit of the Park District's financial statements.

**Illinois Municipal Retirement Fund** – This fund accounts for the revenues of taxes levied and related expenditures for employer payments for retirement contributions.

**Paving and Lighting Fund** – This fund accounts for the revenues of taxes levied and related expenditures for the maintenance of roads and parks throughout the Park District.

**Police Security Fund** – This fund accounts for the revenue of taxes levied which are to be used for police security purposes.

**Park Donation Fund** – This fund accounts for land and cash donations to the Park District, and the restricted expenditures for capital improvements and maintenance for specific parks and facilities.

**Working Cash Fund** – This fund's earnings can be used to pay for general government expenditures if tax revenue is temporarily unavailable. Upon receipt of tax revenue, the General Fund must repay this permanent fund. Principal of this fund is not expendable.

## STATISTICAL SECTION

This part of Plainfield Township Park District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Park District's overall financial health.

**Financial Trends** – These schedules contain trend information to help the reader understand how the Park District's financial performance and well-being have changed over time.

**Revenue Capacity** – These schedules contain information to help the reader assess the Park District's most significant local revenue source, the property tax.

**Debt Capacity** – These schedules present information to help the reader assess the affordability of the Park District's current levels of outstanding debt and the Park District's ability to issue additional debt in the future.

**Demographic and Economic Information** – These schedules offer demographic and economic indicators to help the reader understand the environment within which the Park District's financial activities take place.

**Operating Information** – These schedules contain service and infrastructure data to help the reader understand how the information in the Park District's financial report relates to the services the Park District provides and the activities it performs.

**Source** – Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The Park District implemented GASB Statement No. 34 in the fiscal year ended June 30, 2004; schedules presenting government-wide information include data beginning in that year and will not show the required ten year information as it is not available.

School District No. 204-U	5,102,518,770	312,180,000	0.60%	1,873,080
<b>Overlapping debt</b>				<b>363,307,943</b>
<b>Direct debt</b>				<b>6,570,000</b>
<b>Total direct and overlapping debt</b>				<b>\$ 369,877,943</b>

Note: Outstanding debt on this schedule is debt that is to be repaid with tax dollars.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Park District. The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the boundaries of the government and dividing it by the government's total taxable assessed value.

 Illinois Department of Employment Security-Unemployment Rate (2011)  
 USDA Economic Research Service-Median Income (2010)  
 Bureau of Economic Analysis-Personal Income (only 2002-2009 available)  
 Population is estimate only.

Note: The Plainfield Park District serves the Plainfield Township, portions of Wheatland Township and Nau-Au-Say Township. The three townships had increases in their population between 1990 and 2000 of 165%; the Plainfield Township, which makes up approximately 90% of the District, nearly tripled during that period.

The Plainfield Park District currently meets or exceeds the national accepted guidance for the number of acres per 1,000 residents.

Pocket Park:	.25 to .50 acres per 1,000 people
Neighborhood Park:	1 to 2 acres per 1,000 people
School Park:	1 to 2 acres per 1,000 people
Community Park:	5 to 8 acres per 1,000 people
