**PLAINFIELD TOWNSHIP PARK DISTRICT
FACILITY/ATHLETIC FIELD USE AGREEMENT**

**2012
AGREEMENT**

PURPOSE

A permit is required for any organized event that requires participants to pay a registration fee other than those run by the Plainfield Park District. Permits are required by all groups/organizations. General drop-in use of a Plainfield Park District facility/athletic field does not require a permit, however, a group/organization with approval and permit shall have priority use of the facility/athletic field.

SCHEDULING PRIORITY

Available facility/athletic field use is limited; as a result, request for use of all fields will be categorized as followed:

1. Plainfield Park District (Plainfield Park District programs take priority over all other requests for facility/athletic field usage).
2. Plainfield School District #202 (as set forth within the intergovernmental agreement between the Plainfield Park District and Plainfield School District #202).
3. Resident Status - defined as groups/organizations with at least **85% or more** Plainfield Park District or Plainfield School District #202 residents during previous season. *Recreational Leagues, Competitive/Travel Leagues, and Non-League Fee Based Programs (i.e. Camps, Clinics, Workshops, etc.)*
4. Non-Resident Status - defined as a group/organization with **less than 85%** Plainfield Park District residents during previous season. *Recreational Leagues, Competitive/Travel Leagues, and Non-League Fee Based Programs (i.e. Camps, Clinics, Workshops, etc.)*

To prove residency status, groups/organizations are required to submit a team roster (electronically in excel format) including a full listing of coach/player names, addresses, age, and school by team and not group/organization.

New organization/teams will be considered Non-resident until a complete roster is submitted and verified.

The Plainfield Park District will attempt to accommodate all requests made. However, due to the high demand of facility/athletic field use, requested date(s) may not be available.

Recreational Leagues may begin field request submission December 15. Competitive/Travel Leagues may begin field request submissions beginning at midnight the first day of business following January 1 (January 3, 2012).

Competitive/Travel League teams will initially be assigned a maximum of 12 dates. Additional dates may be requested after all teams have received their initial allocation starting March 1.

ALLOCATION FORMULA

If two or more groups/organizations exist and are unable to divide the available space in a fair and equitable manner, the Park District will use the following formula will be used to allocate the number of fields that will be made available to each group/organization.

Total number of group/organization participants that are Plainfield Park District residents will be divided by the minimum roster size for each sport to determine the total number of teams in a group/organization.

Minimum Roster Size: Baseball/Softball (12), Football (30), Soccer (regulation 14) or 7 on 7 (10).

The total number of teams in an organization will then be divided by the total number of teams from all groups/organizations in question to determine an organization's allocation percentage.

An example of this would be:

Group A has <u>756</u> Participants		63 divided by 138 equals 45.65% to Group A
<u>756</u> divided by 12 equals 63 teams.		
	75 plus 63 equals 138 teams	
Group B has <u>900</u> Participants		75 divided by 138 equals 54.35% to Group B
<u>900</u> divided by 12 equals 75 teams.		

EXAMPLE

Mustang Field #4 at Four Seasons Park	Group A gets 45.65% of time.
	Group B gets 54.35% of time.
