

Early Childhood

1 2 3 Come Learn with Me

Help your child learn and develop age-appropriate skills in a fun and safe environment. With our weekly themes, children will have the opportunity to express their knowledge and creativity through crafts, games, music and play. Each student will have a turn providing a healthy snack for the whole class. This is a semester based class with new ideas and projects each semester. The first day of class is a "Meet & Greet" for approximately 45 minutes. Children must be toilet trained. Instructors: Lynne Huyser & Kellie Gergits. MB

2 + 2 = 4 year Fun

Captivate the enthusiasm, creativity, and love for learning in your 4 year old. We coordinate activities that are developmentally appropriate for this age group. Children will spend their time engaged in productive play, creative projects, active movement and other classroom learning activities. Each student will have a turn providing a healthy snack for the whole class. The first day of class is a "Meet & Greet" for approximately 45 minutes. This is a semester based class with new ideas and projects each semester. Instructors: Cindy Offerman & Wendy Glenn MB

Kindergarten Readiness

Help your little one prepare for Kindergarten. We will review and work on social skills, motor skills, writing, counting, letter sounds, math activities, skills that children need to know before they enter school. This class will not only help prepare your child for the classroom environment, it will be a great time for them to have fun and make new friends. Each student will have a turn providing a healthy snack for the whole class. The first day of class is a "Meet and Greet" for approximately 45 minutes. Instructor: Lynne Huyser and Caryn Dean MB

Computertots Goes Hollywood

In this very special edition of Computertots, children will explore exciting computer activities in a small interactive group, using a laptop computer and special movie-making software. This class is high on the "fun factor" while encouraging creativity and teamwork, improving computer skills, and helping to prepare your child for kindergarten and the future. We'll make several animated movies while learning about storyboarding, special effects, and editing. A copy of the Oscar-worthy creations on a CD will be provided after the class is complete, so that they can be played at home! Instructor: Computer Explorers Staff MB

Computertots

This national program has been developed by educators to engage inquisitive minds and has been featured on CNN and in Parents Magazine. Children will explore exciting computer activities in a small interactive group, using a laptop computer and educational software. The Pediatrics Medical Journal states, "Computers boost pre-schoolers intelligence". Children with ready access to computers scored an average of 12 points higher on IQ tests. Our programs encourage reading readiness, math readiness, creativity and teamwork to help prepare your child for kindergarten and the future. Each new session provides new learning adventures and software. Even children with computers at home will benefit from the social interaction and academic skills reinforced in this class. Instructor: Computer Explorers Staff MB

Fabulously Fun Fitness for Kids

Help your child get started on a lifetime of healthy habits with this new Stretch-n-Grow class. Children will use a variety of equipment and their imaginations to make exercise EXERCISING and FUN! Each class includes parachute play, a warm-up (with an exciting adventure story, song or game), aerobic and resistance exercises (with kid-friendly equipment like balls, maracas, and beanie animals), and a cool-down, all done to a variety of music. There will also be a weekly health-related hand-out regarding a topic that has been talked about during class. Lots of movement, giggles and fun is in store for everyone while we burn off lots of energy! Please have children wear comfortable clothing. Instructor: Coach Chris. MB

T-ball League

Designed for children to play and learn at the same time. We strive for everyone involved to have a positive experience with T-Ball so that we are able to help encourage our future stars to grow and develop way beyond the T-Ball years, and have success playing baseball or softball. In our non-competitive environment, the main goal is to have fun! We will cover the fundamentals of fielding, throwing, hitting, and base-running and go over the rules of the game. This is a great league for both the beginner and the little pro. Games will be played! Everyone receives a hat and shirt. Everyone must bring his or her own glove. Little Dragons Taekwondo

Taekwondo, one of the newest Olympic sports, is a 2000-year-old martial art offering a variety of benefits for people of all ages and physical abilities. Students can improve concentration and self esteem, achieve lifelong physical fitness, and learn self-defense skills. Classes are taught under the direction of Grand Master Ki Hong Kim, 8th Dan World Tae Kwon Do Federation. A \$45 uniform fee is required at the first class. This introductory class is designed to captivate the interest of our youngest students. Skills are developed through gentle instruction and appropriate games for their ability. This class focuses on developing balance, coordination, and respect for the discipline of martial arts training. AD

Snow Plow Sam Skating

These are entry level classes which have been specifically designed for children under the age of five. The most elementary skating skills are combined with fun and games in order to capture and retain the children's attention and concentration. Professional instructors will conduct classes in a positive atmosphere, making learning to skate a fun experience for the preschool age skater. This program offers quality instruction on many comprehensive skill levels using the United States Figure Skating guidelines and standards. Skate Rental is included in your registration fee. AS

Rocket Ice Tot

At Rocket Ice Arena, our goal is to provide a fun and safe environment for skaters of all ages and abilities to learn and grow. Lessons are presented in concise levels with each one focusing on several skills that will be built upon in following levels. After demonstrating mastery of the skills in one level, a student may proceed to the next. Our curriculum works in conjunction with the USFS Basic Skills Program. Skate rental is available at Rocket Ice Arena for \$3 per day. AS

Tot 1 - For those who have little or no experience on the ice to learn the fundamentals of skating such as balance and coordination.
