

Plainfield Park District offering programs in Downtown Plainfield!

Starting in January with our Winter/Spring season, the Plainfield Park District will be offering programming in Downtown Plainfield!

The Park District is now leasing space in the Heritage Professional Center, located at 24023 W. Lockport St. at the corner of Lockport and Illinois Streets. The new facility will allow the Park District to offer a wider range of programs for people of all ages in the evenings, on the weekends and year-round.

“Our recreation staff is always coming up with new program ideas, but the challenge has always been to find the physical space to hold them,” said Cheryl Crisman, Superintendent of Recreation. “This facility is a wonderful opportunity for us, not only to expand our current program offerings, but also to offer some new and different things.”

Please see the full listing of programs offered on pages 2 and 3!

The building’s lower level has been renovated to suit the Park District’s needs, and our Great Adventures Program for Preschoolers is relocating to the facility.

“One of the goals established in the Park District’s 2010-2014 Parks and Recreation Master Plan process was to create a plan for an indoor facility that meets the expressed priorities and unmet needs of the Plainfield

Park District community,” said Executive Director Greg Bott. “One of the strategies determined to meet that goal was to consider alternative means of providing an indoor facility, including investigating the leasing of empty and unutilized buildings and facilities of private and public entities in the community. This building is centrally located in our district, and it allows us to add another facility for Park District programs.”

“Our Park Board approved the Master Plan less than a year ago and we are already achieving some of our goals,” said Mike Brann, president of the Park Board of Commissioners.
